Testimonials

I don't want another day to go by without expressing my sincere appreciation for all of your efforts in making the Medtronic Diabetes 2009 National Strategy Meeting and Video Conference a success. Thank you for your flexibility with pricing and your willingness to do whatever it takes to produce a successful meeting! And thank you for the long hours and can-do attitude throughout the whole process including the long days on-site for you and Mark. I never hear the word "no" from you I can't tell you how much I appreciate knowing that the flawless execution of each production is as important to you as it is to me.

Working with Andy is always a pleasure. Andy approaches his work with skill (to be expected) but also with a light touch and sense of humor (all too rare). In other words, the show gets up on time, works properly and the experience is enjoyable. What more can you ask for?

Successful event production is really about the people who work it. Mark Krall and Andy Stavros are two of the best at what they do. Not only does it always go smoothly for me, but even my clients go out of their way to compliment the music, the cues, etc. And...at the end of the day when its over, these are people you want to have dinner with!

The reputation of a company is only as good as its people...Andy is a tremendous asset to any production. He is kind, smart, generous and extremely knowledgeable.

Midi Onodera, Daruma Pictures Inc.

Andy has an amazing ability to stay calm under pressure. Even in the face of tough clients with seemingly "impossible" requests I have never seen him get flustered. His demeanor spreads to those around him and makes working with his team a true pleasure.
